

# A Vision Crafted By Healers.

**Study MBBS** abroad with a quality education and international opportunities.

# Our Story

---

Founded in 2017 by a group of visionary doctors, we set out on a mission to revolutionize medical education consulting. Recognizing the challenges faced by aspiring medical students, we were driven by a vision to provide unparalleled services and support for those wishing to study medicine abroad.

## Our Founding Vision

We began our journey as four partners who, during our pursuit of MBBS in 2017, noticed a gap in the services provided by most consultants. Determined to bridge this gap, we founded our organization with a commitment to delivering superior guidance and education to students. Over the years, we have grown into one of the few consultants known for truly understanding and meeting the diverse needs of students. Our dedication and personalized approach have earned us a reputation as a trusted name in the field, always standing as a beacon of support for aspiring learners.

## Growth & Achievements

- **Trusted & Recognized:** In just six years, we have become a trusted and recognized name, earning the confidence of students and parents through our unwavering dedication.
- **Resilient in Challenges:** Despite global challenges like the Russia-Ukraine War and COVID-19, we remained steadfast, ensuring continuous support and guidance for our students
- **100% FMGE Success:** We take immense pride in achieving a 100% FMGE success rate, with every student under our mentorship successfully clearing the exam to date.
- **Student Support:** When the war struck, we stepped up, relocating over 1,000 students from Ukraine to Uzbekistan, ensuring their education continued without disruption.
- **Growing Community:** What started with just three students has now flourished into a thriving community of 300+ students in a year, all relentlessly pursuing their dreams with us.

## Strong Leadership & Management

We are led by five directors and a seasoned management team with a proven track record in both the medical and educational sectors. Our leadership has been pivotal in Athens' continued success.

## Legal & Ethical Compliance

We operate within a robust legal framework, ensuring strict compliance with all relevant regulations governing educational consulting services.

## Our Commitment to Future Medicos

Athens' journey has been marked by resilience, dedication, and a commitment to providing the best service to students worldwide. We firmly believe that doctors make the best mentors, as they share both knowledge and passion with aspiring medicos.

### Build Your Career with **Athens**

Your dream of becoming a doctor starts here. With Athens, you receive the best guidance and support to chase your dreams and build your future in the field of medicine.

# Student & Parent Reviews

"The assistance provided by Team Athens in Ukraine gave us the confidence to trust them again. Their support, guidance, and seamless process made a challenging time much easier for us. From admissions to transfers, they handled everything with professionalism and care. We are truly grateful for their dedication and would highly recommend them to any parent seeking a smooth and reliable experience."

• Mohammed's Parent

"Athens played a crucial role in my study abroad journey. Their team was always available to clear my doubts and provided incredible support, making my admission process smooth and stress-free."

• Nuhaim

"From documentation to visa processing, Athens guided us perfectly. Even after admission, they were always available for any concerns, making us feel secure about our child's education."

• Majida's Parent

"Even though we are from Tamil Nadu, we chose Team Athens for their excellent service and the trust they have built over the years. They handled everything smoothly, making the entire process easy for us. We truly appreciate their support and professionalism."

• Hima's Parent

"Choosing Athens was the best decision for my MBBB journey. Their quality of service and commitment to students is unmatched. They ensured my smooth transition and always stood by me during challenging times."

• Hima

"Opting for Athens for my MBBB was a life-changing decision. The faculty's dedication and the supportive environment made my journey seamless. They were always there to guide me through tough times, and I couldn't have asked for a better place to pursue my dreams."

• Poorvima

"We were initially worried about sending our child abroad, but Athens reassured us with their excellent service. They handled everything

"My daughter first went to China, but due to COVID, she had to return. She then went to Ukraine through Athens, but the Ukraine war disrupted her studies. We were extremely worried about her future, but Athens provided full support, ensuring a smooth transition to Uzbekistan for the proper continuation of her course. We are truly grateful for their guidance and assistance"

• Sneha's Parent

"Athens provided continuous support and quality service even after admission. During difficult times, they were always there for us as a helping hand. We truly appreciate their dedication and commitment."

• Binikha's Parent

"Athens made the admission process seamless and stress-free. Their support didn't end there; they continued to guide us through every step, ensuring our child's smooth transition. We are truly grateful!"

• Shakana's parent

"Athens not only helped with admission but also ensured our child settled well in a new country. Their post-admission support was beyond
